

OLD SCHOOLHOUSE COMMUNITY CENTER

club SpotLight

2415 N Florida Ave, Hernando, FL 34442

ph: 352-419-4836

March 2026

In this inaugural printing of this totally re-imagined OSCC / Club Recovery newsletter, I **want to begin by acknowledging and thanking John L for his decade and a half of service producing the Club Recovery News.** Many will continue to enjoy his monthly publications as he transitions into a 'snowbird' to take advantage of more time with family.

As you are holding this volume, you may suspect there was some Ozempic involved in the design. Like most diets, the weight and size could possibly return. Then again, there may be a complete change in lifestyle that results in a permanent shift. Those that insist there should be more meat on the bone are welcome to 'volunteer' to pitch in!

Never underestimate a change in lifestyle. A complete 180° change is hard to miss. A slower and more gradual change can be hard to detect for a time. **What matters are the results. Results make an impression.**

You may have heard someone say:

"The 1st Big Book the newcomer will notice is you."

Coming in the door, I may forget just about everything I hear. But someone I see, or meet may well have a permanent impact on me.

"You could be the reason I come back."

The same can be true over time. During my years walking this road of Happy Destiny I have observed so many different 'characters'. I have seen miracles as someone who was walking in extreme darkness begins to understand hope and serenity are real and an awesome future is not just possible but obviously within reach for all.

The best way to observe results and outcomes is by watching those with the light shining bright in their eyes time after time. People whose message and love of others seem set in stone and impossible to miss. Often, we continue to see, hear and feel the impact of these soldiers for many years after they are gone.

OSCC will begin to add art to the main 12-step meeting room. Along with our history storyboards, you will notice images in memory of friends that are gone. Their physical life is over, but the impact and wake they left in our hearts still remains. Their voices ECHO!

Dan M – OSCC eDirector

You can help design & sponsor an 'ECHO' canvas – contact club@oscch.org for information.

ClubRecovery.org

Club Recovery of Citrus County, Inc is a non-profit Florida Corporation and custodian of the Historic Hernando School. Operating as Old Schoolhouse Community Center providing a rental space for meetings and events. Efforts to improve the facility is an ongoing project, made possible with the public contributions.
